

# Paving Clay Pave Equivalent

## Apex Masonry's Equivalent for Clay Pave

We at Apex Masonry take pride in offering our customers the highest quality of products and services. We understand that Clay Pave has been a popular choice for many, Apex Masonry offers our clients an alternative. We have pavers that are equivalent to Clay Pave in both quality and appearance.

Our pavers are made with the same level of craftsmanship and attention to detail as Clay Pave. The advantage of choosing Apex Masonry's pavers is not just that they are readily available, but they are also cost-effective and easier to maintain.

Our pavers come in a wide range of colours and textures, providing endless possibilities for designing beautiful landscapes and outdoor spaces.

TrendStone®, LeMode®, Sierra®, Centro® and Classic Wall® are registered Trademarks

#### COLOUR VARIATION

Due to the changes in raw material, variation in colour can occur. When ordering your product, order all products of your project together to reduce the possibility of colour variation. We do not guarantee different batches will be the same colour.

#### EFFLORESCENCE

Efflorescence (a salty deposit) is a natural occurrence in masonry products. Efflorescence does not affect the structural integrity of the product and will usually diminish and disappear in the course of time as the product is exposed to the elements. No responsibility will be accepted for the occurrence of efflorescence.

#### CLAIMS

Claims must be reported within 72 hours of delivery. No claims will be accepted once product has been installed. Please contact the store where goods were purchased to report any concerns regarding product delivery or quality.

Minimum order quantities apply to Made to Order colours.
