Brick Collection

Recycled-look Brick - The traditional & charming trend in renovation

Apex Heritage Brick - Retro

The recycled-look brick is a trend bringing tradition and charm to enhance any renovation or new build. Due to increased demand and growing popularity, Apex are proud to launch our Heritage range to bring your vision to life.

Apex Heritage Brick Collection features a traditional red clay, wire-cut wood-fired kiln brick in a cored or solid version. The Apex Heritage Brick represents the best of the recycled brick market with quality and consistency, delivering easy paving and brick-laying options.

Suitable For:

Paving

Commercial & residential buildings

Feature walls

Pathways

Fences & screen walls

Entrance walls

Letterboxes

Fire places

FEATURES

- > Designed to emulate the reclaimed, recycled brick look
- > Suitable for a wide range of applications
- > The collection offers both hollow and solid brick options, allowing for versatility in construction and design, whether for walls or paving.
